MEMORANDUM FOR THE UNDER SECRETARY OF DEFENSE
(COMPTROLLER)

FROM: SPECIAL ASSISTANT TO THE UNDER SECRETARY FOR
DEFENSE (ACQUISITION, TECHNOLOGY AND LOGISTICS)
FOR BUSINESS TRANSFORMATION

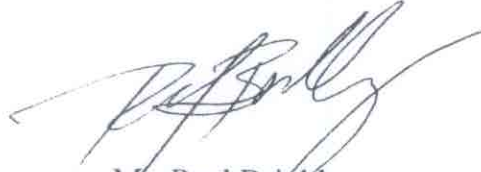

SUBJECT: Weapon Systems Lifecycle Management (WSLM) and Materiel
Supply & Services Management (MS&SM) Certification
Recommendation for the Transportation Coordinator's Automated
Information for Movements SystemII (TC-AIMS II)

In accordance with Section 8083 of the Department of Defense Appropriations Act, 2005, the WSLM and MS&SM Investment Review Board (IRB) has reviewed the TC-AIMS II and found it to be consistent with the Department's Fiscal Year 2005 (FY05) certification and funding obligation requirements based on essentiality, alignment with DoD strategic mission, goals and objectives, and alignment to the WSLM & MS&SM IRB's core business mission areas. The program is requesting authority to obligate funds for FY05.

As a DoD source movement information system, TC-AIMS II will be the primary source of information for in-transit visibility and transportation management over cargo and passenger movements. TC-AIMS II will integrate the functionality of selected Service-unique transportation legacy systems into a single AIS migration system. It will consist of a scaleable, deployable, distributed system environment, compliant with the DISR, and Defense Information Infrastructure (DII)/Common Operating Environment (COE).

In order to proceed with scheduled program execution, I request that the USD(C) approve obligation of funds in the amount of \$35.422M for Fiscal Year 2005. The action officer is Ms. Diane Morrison. She may be reached at 703-614-3883 ext. 106 or by email at diane.morrison@osd.mil.
